**Jessica Strawser : Get Real Greetings: Creating Cards for Your Saggiest Sentiments** before purchasing it in order to gage whether or not it would be worth my time, and all praised Get Real Greetings: Creating Cards for Your Saggiest Sentiments:

2 of 2 people found the following review helpful. Crassy, Sassy, maybe meanBy S. ElliottPerhaps the book's subtitle should be "Creating Cards for Your [Crassest] Sentiments" Perhaps there are more people than you think with an off-beat sense of humor that would appreciate the humor and the attempt to "lighten up." No, there are many cards I wouldn't make myself; on the other hand there may be a card or two which would cause me to think, "I know X would have gotten a big laugh over this." Don't totally write the book off because of it's sassiness. Just as in any type of crafting book the suggestions you see are mostly a jumping off place to express your own creativity. Of course I wouldn't use the word "b---h" to anyone, but I might be able to come up with a less offensive term instead, or it might even trigger a totally different card just because the sassy one you just read gave you an idea.In the final analysis, no, I would not make mot of these cards for anyone I currently know; however, just being able to read through the book and share the contents with female family members triggered a lot of laughter and some "ooooh, mean!" and tongue-in-cheek comments like, "I know JUST who I would send that one to." The cards may not be ones you would actually make, but you know you wish you could. And to be honest, not all the cards are over-the-top sassy.0 of 0 people found the following review helpful. Get real greetingsBy Diane M HerronWhile I am enthusiastic about this book, I realize I will have to choose carefully to whom I can send a card with the greetings shown. Not all people share my sense of humour. But if you have sassy gal pals, who love a laugh, this is the book for you. Lots of people need to lighten up,

and if your card elicits a smile, or a giggle, you've done your job.0 of 0 people found the following review helpful. Get real GreetingsBy Melissa Jeremiah-RanciferThis book had many of the same greetings I might want to say to a friend or two without being all mushy and sappy like. Most brought a smile to my face. The instructions were well written and content was excellent.Supplies are easy to find and most a seasoned cardmaker already has in the box.Have a blast gurls it is great.

Forget sweet and sappy...Celebrate the ups and downs of real life with these sassy greeting cards. Did your best girlfriend get a speeding ticket, get dumped and get fired, all in the same week? Or did that lucky bitch just introduce you to her hot new boyfriend who just happens to be a masseuse? Too bad there are no sections in the greeting card aisles for those occasions!Get Real Greetings picks up where store-bought cards and traditional card-making books leave off. You'll find something here for all the non-occasions of everyday life - with cards covering everything from "The Usual Crap" to "The Joys of Womanhood" - as well as snarky new twists on more tried-and-true topics. Choose from 70+ fabulous card designs, plus dozens of bonus unsentimental sentiments to mix and match with your favorites. Simple instructions make it easy to create these fresh and funny cards whenever inspiration (in the form of a girlfriend's triumph or tragedy) strikes.Give your friends their just desserts - make them a Get Real greeting today!
