Afya Ibomu : Get Your Crochet On! Fly Tops Funky Flavas before purchasing it in order to gage whether or not it would be worth my time, and all praised Get Your Crochet On! Fly Tops Funky Flavas:

0 of 0 people found the following review helpful. Cute patterns and very detailed intro for beginnersBy Trish :-)I thought the patterns in this book were different from most books...I mean, how many crochet books have a chain link belt and funky shoe laces in the their collections??What I thought was best about this book was the detailed diagrams on crocheting in rows, creating stitches, working in rounds, etc. There are pictures and/or photos for every detail and also photos in most of the patterns if there is a difficult part in the pattern.This is a treasure for beginning crocheters...to be able to see where the hook should actually enter the stitch. Nicely done.3 of 4 people found the following review helpful. 3.5 starsBy nsewusI'm a beginning crocheter. The first half of the book is wonderful for beginners. Very thorough review, good stitch charts, and great pattern deciphering info. I also really appreciated the diversity of the models and showcasing of these designs on people of color. This may seem trivial to some, but it was great to see how garments made from different colors/tones of yarn and thread look on darker skin tones. There was also a mix of male and female models. I think the designs themselves are a bit of a mixed bag. There are some cute, easy projects like the shoe laces, tie, the earrings, handwarmers etc. However, I think Ms. Ibomu missed the opportunity to create a very timeless and wonderful crochet reference by making things (including the project titles) too trendy. They read very dated now ("Mad skillz" is the rating system for an advanced pattern). Also, some of the projects and project styling were odd (a crocheted gold "rope" chain, and a crocheted chain belt??). Again, too dated

at this point even though I get the homage to old school hip hop. The other patterns are heavily warm weather (a lot of halter and bare back styles). Some are very adorable, so if there's a gap in your library for warm weather crochet patterns you will probably enjoy those quite a bit. I don't regret buying this book at all! I really enjoyed the beautiful people of color showcased here (including Ms. Ibomu- gorgeous lady!) and many of the projects will be quick and fun for a beginner. She does a great a job helping you decipher crochet patterns. The book is also reasonably priced for the great information, even if you don't make most of the patterns. I just hope Ms. Ibomu's next book can capture more fashionable crochet that is ethnocentric without being cliché. 0 of 0 people found the following review helpful. Five Stars

Fashion forward patterns

Fly Tops Funky Flavas, the second title in the Get Your Crochet On! series, provides style and attitude for crocheters desperately in search of hip, urban patterns. This original collection with patterns for men and women from custom crocheter Afya Ibomu includes sexy halter tops, bikinis, and tanks, as well as fun accessories like earrings, shoelaces, and belts. For beginner crocheters who love the fashion but don't have the skills, the book includes a detailed crochet basics chapter that will have them up and crocheting in no time.

About the Author Afya Ibomu is a certified holistic health counselor, AADP, and has been a vegetarian since 1990. She previously owned and operated a vegan catering business in Brooklyn, New York, and served as Erykah Badu's nutritionist on tour.
