Bellerophon Books : Great Women Paper Dolls before purchasing it in order to gauge whether or not it would be worth my time, and all praised Great Women Paper Dolls:

1 of 1 people found the following review helpful. Great memory from my childhood, still available! By Jessica MI had this coloring book as a girl growing up and enjoyed the intricate drawings and the stories that went with each great woman. That said, I had terrible handwriting and small motor issues, so it was very difficult to color the pictures as beautifully as I had pictured them. So this would be great for an older child who enjoys fine motor activities, not for a very young child or a child who has difficulty staying inside the lines. However, despite the challenges, I still loved this book and have enjoyed giving copies of it to the daughters of friends, to rave reviews. 0 of 0 people found the following review helpful. Fantastic By brandy cryts Had this as a child and so glad to have a new copy! 0 of 0 people

found the following review helpful. Loved this book as a child and bought another copy recentlyBy Kelly JarmanWe had this book when I was a child. My dad solved the issue of having two girls who wanted to color the same doll by making photocopies of the dolls for us. This also meant that as we got better motor control, we were able to color them again and again. He also would take the cardboard from the back of legal pads and paste the dolls on to them to make them stiffer. This made it easier to put the clothes on them. Really fun coloring book.

From Sappho, Cleopatra, Joan of Arc and Pocahontas to Susan B. Anthony, Florence Nightingale, Golda Meir, etc. each with a lovely costume and a proper speech for the cause.
