Dallas J. Mallerich : Greenberg's American Toy Trains: From 1900 With Current Values! before purchasing it in order to gage whether or not it would be worth my time, and all praised Greenberg's American Toy Trains: From 1900 With Current Values!:

0 of 0 people found the following review helpful. Good GuideBy tarponjpm This has been helpful in purchasing what I am looking for. You do have to be some knowledge of trains though.

Book by Mallerich, Dallas J.

From School Library JournalYA-- A comprehensive price guide to most O gauge model trains in the U. S. since 1900, focusing on Lionel, Marx, and American Flyer brands. In addition to the listing of trains and accessories with current values, the book gives historical background about the companies and the progression and development of American model toy trains. Chapters also cover the less successful model train manufacturers and their values. Black-and-white photographs appear throughout, with a full-color gallery included as a brief visual history of toy trains. Copyright 1991 Reed Business Information, Inc.
