#3264249 in Books Kalmbach Publishing Company 2002-07 Original language: English PDF # 1 .55 x 8.58 x 11.021, #File Name: 0897785177248 pages More than 1100 individual cars and locomotives listed and described 680 color photos positioned adjacent to their listings for easy use and quick identification Consistently organized and detailed listings Thorough explanation of LTI's numbering system All items indexed by number - entries include number, road name, cor or locomotive type, year introduced, and page number | File size: 62.Mb

**Michael Solly : Greenberg's Guide, Lionel Trains 1987-1995: Motive Power and Rolling Stock** before purchasing it in order to gage whether or not it would be worth my time, and all praised Greenberg's Guide, Lionel Trains 1987-1995: Motive Power and Rolling Stock:

3 of 3 people found the following review helpful. A Must Have By Carmelo Montes This is a second book that I had purchased, I'm not an expert on the Trains, so I needed to know what I was buying and I needed to look at. This book

gave me the colors sizes of the rolling stock and engines. I did not care that the pricing was out of date, since I'm not a collector, I just wanted to see that I was getting what I was paying for.

Author and toy train collector Michael Solly has exhaustively studied and documented the trains of the Kughn Era in "Greenberg's Guide to Lionel Trains 1987-1995: Richard Kughn Era".
