3 of 3 people found the following review helpful. Wonderful Nostalgia!By John GondolAs a kid my parents gave me a Marx set for Christmas that I loved and still have. This book pays tribute to all those wonderful toy train sets of yore. Lots of pictures and commentary. The values given are long out of date, but good for comparison sake. This volume really is a compement to Vol. I II, if you want a good understanding of what Marx trains were all about. Absolutely essential for the Marx collector. Other toy train fans will find it fun to look through.0 of 0 people found the following review helpful. Five StarsBy FranklinGreat
