Greenberg : Greenberg's Price Guide to Lionel Trains, 1945-1979 before purchasing it in order to gage whether or not it would be worth my time, and all praised Greenberg's Price Guide to Lionel Trains, 1945-1979:

0 of 0 people found the following review helpful. Collector's LookBy R. McAroysrAfter having received this publication that dates back 20 or 30 years, I was quite surprised. The condition of the book was close to new. Ofcourse I bought the book as a reference guide for Lionel Trains and it is just full of pictures that I had not seen since the first publication out a few years earlier. Well worth the price!0 of 0 people found the following review helpful. Price guideBy SpikeI like it verry much. It's neat to see the values back then. Would like to have others Spike Brown

Catalog of Lionel 0 and 0-27 trains.
