Marie Harrison : Groundcovers for the South before purchasing it in order to gage whether or not it would be worth my time, and all praised Groundcovers for the South:

0 of 0 people found the following review helpful. Okay, but nothing new. Some of groundcovers suggested ...By mamahenOkay, but nothing new. Some of groundcovers suggested may not survive in FL intense sun.0 of 0 people found the following review helpful. Excellent source for beginnersBy J. REINHOLDThis is a good guide for

beginners. The growing seasons are very diverse and we have so many soil "types". Wonderful guide though.0 of 2 people found the following review helpful. It's funny, informative and sometimes frighteningBy mriekeI've read this book twice and given it to my son to read. It's funny, informative and sometimes frightening. Run the psychopath checklist on Donald Trump. I scored him 18 out of 20.

Master Gardener Marie Harrison discusses various kinds of plants that can be used as groundcovers, from perennials and herbs to shrubs and native plants. Illustrated with color photographs and line drawings throughout.
