William G. Gray : Growing The Tree Within (Llewellyn's New World Magic Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Growing The Tree Within (Llewellyn's New World Magic Series):

Note that William Gray steps out of the norm but offers expansions of thinking and application. Its not divination. It's 'self work' and opens those stuck portions of thinking.1 of 1 people

found the following review helpful. Follow up to The Ladder of Lights!By Gandalf The GreyLike it's predecessor this is the only book to adequately deal with the four worlds of the Qabalistic Tree of Life, in this case with the paths. However his attributions of the Tarot cards is very different to the one that I was trained in (See Gareth Knight's 'A Practical Guide to Qabalistic Symbolism', Dolores Ashcroft-Nowicki's 'The Shining Paths, and Robert Wang's 'The Qabalistic Tarot' among others.0 of 0 people found the following review helpful. Five StarsBy S. StanfieldExcellent book

A lengthy systematic analysis of the 22 Paths of the Qabalistic Tree of Life. Includes a detailed study of the Tarot Cards unorthodox methods of allocating the Major Arcana to the Paths. Also relates the English alphabet to the Tree. 1991, signed author on inner cover, clean bright copy
