Jack Campbell : Ham Radio: The Ultimate Ham Radio Quickstart Guide - From Beginner to Expert (Ham Radio, Survival, Communication) before purchasing it in order to gage whether or not it would be worth my time, and all praised Ham Radio: The Ultimate Ham Radio Quickstart Guide - From Beginner to Expert (Ham Radio, Survival, Communication):

1 of 1 people found the following review helpful. Poorly writtenBy CroushThe author really needed an editor. I am not sure that English is Mr. Campbell's native language; that would not have been a problem with a proper editor to refine the language. I don't know enough about ham radio to know whether his advice is sound; to some extent the information gets lost in the poor writing.2 of 2 people found the following review helpful. Ham radioBy LakiечаI like reading educational books and this book did not disappoint me. I am really not familiar with the ham radio and this book gave me the all the information I need to know. From the origin of the ham radio and how it becomes a factor in winning the wars before. This book made me realize how far the technology has evolve.0 of 0 people found the following review helpful. Ultimate, more like incompleteBy cull wattsFrom beginners starts out ok. Expert needs to be revisited.Basic would be more realistic for the entire selection.Vaguely explaining a subject would be a better description.Dated material from start to finish.
