CastilloSome great designs, but not as many interior shots as I would have liked, nor as much attention to the interior. I was somewhat irked to see it in Kindle format just days after I bought the paper version, as Kindle is my preferred format. I haven't seen the Kindle companion offer at a reduced price yet, either, but they may do that in the near future. I have several books on handbags and have been making them for a long time. I also have the Craftsy classes on handbags and totes. That may cause me to have a more critical appraisal of the book.3 of 3 people found the following review helpful.
