before purchasing it in order to gage whether or not it would be worth my time, and all praised HANSEL AND GRETEL By Engelbert Humperdinck (A miniature version of the Opera; Three acts; Unison Voices Adapted for Juveniles):

From the "Foreword": This operetta has been prepared with a view to making it simple enough to be staged by children. All superfluous material has been eliminated without interfering with the continuity of the story. The nicest tunes from the opera are included; they have been arranged so that, in most cases, they can be played by children having attained the second or third grade in piano playing. This score contains full dialog, action, stage directions, etc. Time of rendition about 45 minutes.
