Cathy Carron : Hattitude: Knits for Every Mood (Cathy Carron Collection) before purchasing it in order to gage whether or not it would be worth my time, and all praised Hattitude: Knits for Every Mood (Cathy Carron Collection):

The only thing I wish is that instead of calling for a specific yarn, the yarn would be listed by weight, eg 2 for sportsweight, etc. However, by looking at the gauge, I've been able to substitute yarn that I already have, and the hats have come out well.0 of 0 people found the following review helpful.

DisappointedBy Carol DenehyWhile the cover depicts a seemingly large number of hats, the patterns are fewer and largely for bulky yarn. If you don't have an ample supply of the bulky side of materials, stop now. I also think a hat knit out of chunky yarn isn't as warm because stitch changes tend to leave holes.1 of 1 people found the following review helpful. Absolutely the greatest hat patternsBy Trynewthings69This book has a pattern for every skill level and every weight of yarn. This book will become my BIBLE of hat patterns. Everyone who sees this book sitting on my table wants to take it home just to enjoy the variety of looks. I would like to make one of each but realize that will take me some time with all of my other projects. Love it, love it.
