**Helen Philipps : Helen Philipps' Cross Stitch Garden Notebook: With Ideas for Using Charms and Buttons to Enhance Your Cross Stitch Embroidery** before purchasing it in order to gage whether or not it would be worth my time, and all praised Helen Philipps' Cross Stitch Garden Notebook: With Ideas for Using Charms and Buttons to Enhance Your Cross Stitch Embroidery:

0 of 0 people found the following review helpful. Unique Country StyleBy CustomerHelen Philipps has a unique flair for country style combined with contemporary, bold color mixes. She also combines mixed media in her pieces, making unusual buttons, beads and themes work to develop a unique result that is hers and hers alone. But this book focuses on gardens and is beautiful. It's simple but not simplistic. Lots of unique garden layouts and unusual samplers. There are single motifs, gift pieces, full scale pieces and designs combining multiple motifs, samplers combining structures with unusual gardens and more. This is a feast; some of Helen's best ideas. I am greatly enjoying my copy and look forward to getting her other book.2 of 2 people found the following review helpful. Cross Stitch Garden MotifsBy Lisa BourretA truly wonderful book for cross stitch lovers. The motifs are easy to stitch. The graphs are also easy to follow.

Combine your passion for cross stitch with your love of gardens! Two popular pastimes come together in a beautiful new collection of designs sure to please all. Each subject--the rambling cottage garden, bountiful kitchen garden, topiary, parterres, knots, orchard, and more--features a full-size sampler, as well as smaller projects such as cards and pincushions. A range of eye-catching embellishments that add extra dimension, including charms and buttons, make these needleworks extra special. Plus: a gardener's alphabet!
