Five StarsBy michelle straitgreat for cross stitch1 of 1 people found the following review helpful. Brilliant Cross-Stitch IdeasBy ubaluThe beauty of the designs in this book is that they can be followed as they are, or expanded to one's own taste. Many variations can be made from them, especially if one can change them to all-purpose designs and not necessarily holiday patterns. The colors, sizes, and minor or major changes in patterns will turn them into every day or special occasion creative work. The directions are very clear, the photographs are brilliant, a colorful and nostalgic craft book.

New projects from the Vanessa-Ann Collection include designs for traditional holidays like Christmas and Valentine's Day and less traditional holidays. This edition features a 12-month floral afghan stitched on Vanessa-Ann Afghan Weave: each month has its own floral design that can be stitched to stand alone, or you can stitch all 12 months to create a floral afghan.
