**Andrew Mikolajski : Hostas: An illustrated guide to varieties, cultivation and care, with step-by-step instructions and more than 130 beautiful photographs** before purchasing it in order to gage whether or not it would be worth my time, and all praised Hostas: An illustrated guide to varieties, cultivation and care, with step-by-step instructions and more than 130 beautiful photographs:

2 of 2 people found the following review helpful. very basicBy janelizabethI guess you get what you pay for. This is a thin book with some hostas identified, but certainly not what I was looking for. Too many pages on how to plant and how to thin etc. Since this book was more recently published, I had hoped for pictures and knowledge about some of the newer hostas. Not here. It was not a good buy for me. If you really don't know anything about gardening in shade, and are complete novice at hostas, then this is a nice little book at a cheap price to get you started.1 of 1 people found the following review helpful. Nice pictures.By HannaA book for Hostas lovers. Nice pictures.0 of 0 people found the following review helpful. fabulousBy Linda SFabulous

Everything you need to know about hostas at a glance in one handy practical gardening guide. The versatility and beauty of hostas makes them one of the most popular and rewarding foliage plants; with expert advice on selecting varieties, planting and growing, this book will help you to create a wonderful display.

About the Author Andrew Mikolajski is an established and highly respected gardening expert. He edited the RHS Encyclopedia of Plants and Flowers and the RHS Encyclopedia of Gardening (both Dorling Kindersley), and he has contributed articles to virtually every major gardening magazine and specialist journal. His published works include: Garden Plants and Gardening Techniques; The Practical Encyclopedia of Garden Pests and Diseases (both Southwater); and The Busy Gardener's Guide (Time Life).
