Although I am not a collector of Hot Wheels, my best friend is, and my wife and I wanted to surprise him with a Hot Wheels guide that would help him with his collection. I searched all over the internet for the right one, one that especially dealt with what he called "Treasure Hunt Cars", and I found everything from non-treasure hunt cars to knock-off non Hot Wheels, with none of the guide books really impressing me... Until I came across Giordano's. The book only has the treasure hunts from 95-14, but the detail that Giordano took is beyond reproach!!! I was absolutely baffled at the amount of information this book had, and to top it off it had the pictures of the cars as well. Giordano takes a very direct, passionate, and meticulous pace when writing his books, and he leaves

no stone unturned. My friend loves the book and says its the best one out there!!!! If you're a collector, and you need a REAL guidebook, this is it!!!!!!!!!! I endorse this book 150%!!!!!! 1 of 1 people found the following review helpful. Good for the newbies
