Ho not g scale modeling By Sandy Bob There were several points contained that were relative to Large Scale Modeling. However, most of the book was directed to HO and much smaller gauge modeling. For HO railroad modeling, it would be an excellent reference, for all modelers to have in their Modeling Library. 1 of 2 people found the following review helpful. Very Helpful By David Basil Sr This book was referred by a friend and had detailing info which turned out to be very useful to me

This practical, photo-driven guide covers the principles and techniques of designing and constructing detailed, realistic model railroad scenes. The various projects include structure, scenery, and detailing techniques for both urban and rural settings. It's the essential information modelers need to make a good layout look great!
