Basically, save the \$10 and buy a couple of lattes. If you are over the age of 12 and have not been may aware of everything useful this book has to offer (which is not much) you may have been raised under a rock. Honestly, it is that elementary. In addition to being elementary it is also incorrect especially with respect to the average woman's wardrobe. The author cautions that you will need to dispose of your entire existing wardrobe and start from scratch. She even says that you will be faced with getting rid of your favorite pieces. Good grief, if they are your favorite pieces then you should be building around them. They are probably your favorites because they look good on you, make you feel good and are representative of your true style. A good book on wardrobe development should recognize that while you may have made some poor choices while purchasing clothes, most of what you bought you bought because you liked something about it. If you have a closet full of clothes you should be able to develop those first few capsules entirely from that closet. It would really be a matter of grouping, coordinating existing pieces and getting rid of only the ill advised purchases, clothes that do not fit anymore and those favorites that you have worn out and need to replace. Again, save the \$10 and maybe put it toward a really useful book.7 of 7 people found the following review helpful. Less than I expected for the price.By C. L. GroffThis was basically an article I could have read on the internet for free. Nothing wrong with it except that I wouldn't have paid for it knowing it was simply a magazine article, not a book.5 of 5 people found the following review helpful. DO NOT BUY THIS BOOKBy ButterflyMaidenDO NOT BUY THIS BOOK. This book contains ZERO content on how to build a capsul warddrobe. I do not know who is giving it 5 stars. SAVE YOUR MONEY.

Are you tired of wasting time and feeling frustrated as you decide what to wear? In todays fast-paced style of living, less is truly more and that includes your wardrobe! Although it may be hard to believe that just a few dozen well-chosen clothing items and accessories can keep a woman properly dressed for any occasion, thats exactly what a capsule wardrobe does. With your own capsule wardrobe system in place, you can finally say goodbye to hours spent choosing what top goes with what bottom and which pair of shoes match best. Within the capsule wardrobe system, carefully chosen articles of clothing, footwear, and accessories can be easily mixed and matched to meet any need from ordinary days spent at work to formal candle-lit dinners. Say goodbye to your old, disorganized, dysfunctional wardrobe because with the help of this book, you're soon going to have a new fully-functional capsule wardrobe. But what to do with all the perfectly-good clothing you still have now? This book has that covered as well! Start reading now and get ready to have more time flaunting your new impeccable fashion instead of rummaging through your closet packed full of "not quite right" clothing.
