THE PERFECT BOOK IF YOU ARE PLANNING A TRIP TO MITTLE ...By Rachel Newman THE PERFECT BOOK IF YOU ARE PLANNING A TRIP TO MITTLE EUROPA WITH A VOCUS ON ART, ARCHITECTURE AND DESIGN. 13 of 13 people found the following review helpful. A classic that is unfortunately out of print...By M.K. This beautiful book full of striking photographs takes you everywhere from a nobleman's Alpine retreat to a humble Slovak village home. The creative building styles, combined with the trappings of everyday life along the Danube - make for a very engrossing read. It's like a National Geographic story, only in book length. Unfortunately this excellent book is out of print, but hopefully it will not remain so.

The authors of the International Style Library turn their attention to the land east of the Danube as they travel through Vienna, Budapest, Prague, and the surrounding countryside to find in the architecture, interiors, and folk arts of the region a host of thriving design traditions accessible again after a long isolation. Full-color photographs.

From the Inside Flap The authors of the International Style Library turn their attention to the land east of the Danube as they travel through Vienna, Budapest, Prague, and the surrounding countryside to find in the architecture, interiors, and folk arts of the region a host of thriving design traditions accessible again after a long isolation. Full-color photographs.
