Modern Country By Mark Bickford Dated without alot of innovation, or inspiration, but it was also inexpensive and worth a look and then lent to others to enjoy. 3 of 6 people found the following review helpful. Lovely photos, and the cutest designs! By A Customer This is a lovely book. The photographs are really nice, and the designs are really sweet. My only criticism - it's a bit expensive for what it is.

In her stunning new book, fabric designer Mary Norden shows you how to make country contemporary. Drawing from the colors, patterns, and textures of nature, she has restated these elements in her elegantly simple, modern interiors. In modern Country, a dozen projects bring traditional crafts into contemporary focus: chic, monochromatic cushions rendered in classic country knits; stylishly simple table linens appliqued with faded floral borders; smooth, linen-

covered pillows; a rug of softly-textured tweed. Beautifully enhanced with 250 color photos, *Modern Country* is a glorious sourcebook of instruction and inspiration. Mary Norden is a highly successful textile designer whose clients include Ralph Lauren, Liberty of London, Dior and Yves St Laurent; among her books are *Decorating with Wool* and *Decorative Embroidery*.
