I enjoyed the peacefulness of the settings yet each was full of beauty and the narrative was spot on. It is perfect for many afternoons in front of the fire. The quality of the actual book was also amazing - thick pages, rich photos, and wonderful binding. 4 of 4 people found the following review helpful. Wonderful book... By KKinGAI had stopped buying design books since there is so much content online, however, I had to have this book. It is such a treat. 1 of 1 people found the following review helpful. Five Stars By Customer Great book!

Discover contemporary interiors inspired by natural landscapes. Modern pastoral interiors are about embracing the pared-back lifestyle of living in the country, taking nature as the main point of inspiration. Use colors, textures, and details to create a home in which to unwind a retreat from the rest of the world. Niki Brantmark explores various takes on this simple, informal style. The graphical look is striking, reminiscent of exposed landscapes: think whitewashed

ceilings, rugged stone surfaces, and striking black features, softened by cozy soft furnishings and fresh plants and flowers. Savanna style introduces warmer hues, featuring painted wood and reds, oranges, and browns in textiles, furniture, and collectibles. Nordic interiors take in the best of the Scandinavian landscape clean white backdrops against sleek designs while those inspired by forest and mountain streams are filled with rich, deep greens and blues, combined with traditional patterns and features, such as log burners, wood paneling, and woven rugs. The stunning photography for this book takes in locations across Scandinavia and the United States, and all evoke an ideal, rural life, adapted to modern living.
