John Anthony Banfield : My Life, My Times, My Poems before purchasing it in order to gage whether or not it would be worth my time, and all praised My Life, My Times, My Poems:

John's life started at the beginning of World War Two, when he was evacuated from London as a baby, to various homes in the South of England. Some were very good homes but others were a nightmare.

About the Author I was a fire protection engineer for 38 years and worked mostly in offices and factories in the London area. I retired in 2004. I am a first time author and thought it a good idea to put my life experiences down in a book. I now have plenty of time on my hands after working 7 days a week 50 weeks a year. I also like metal detecting but as yet haven't found that pot of gold.
