Another Beautiful Book to be Treasured by Knitters!!By Karin HansonI just wish my mother had had books like these to knit outfits for my dolls when I was a little girl!! But, I'm enjoying every minute of doing it now!! The instructions are so easy to follow and turn out just beautifully!! Everyone is asking me to make some of the outfits for their children or grandchildren. And, best of all, these knitted outfits are easy for little fingers to take on and off ... they all have snaps!!2 of 2 people found the following review helpful. Great BookBy Marcelina LundyI was looking for something different to knit and I found it with this great book. The patterns

are easy enough and the designs are beautiful. I really love the fact that the yarn used is easy to find and not expensive and yet the sweaters, hats and other items are lovely when finished. The book is filled with really nice patterns. I think any little girl (or big girl for that matter) with an 18 inch doll would love the finished products in this book. 2 of 2 people found the following review helpful. The patterns are wonderful and the directions are clear and concise. By Marjorie The patterns are wonderful and the directions are clear and concise. The items are interchangeable so it gives many different ways to mix-and-match. The yarns used are readily available in local stores and are reasonably priced. Sized for the popular American Girl doll, the models are the Gotz dolls who are adorable. The styles are modern with many color suggestions..
