0 of 0 people found the following review helpful. terrible, bad illustrations, horrible paper, all around yuck!! By Michelle the Colorist The illustrations in this book are horrible! It looks like a child drew them. I am half tempted to return them, but it doesn't seem worth it. The paper quality is terrible and pictures are printed on both sides of the page. I bought two other books by this same artist at the same time and they are horrible too. Save your money and skip this!
