Tone Finnanger : Sew Sunny Homestyle before purchasing it in order to gage whether or not it would be worth my time, and all praised Sew Sunny Homestyle:

6 of 6 people found the following review helpful. Typical Tone FinnangerBy shopgirl76I always have a hard time reviewing Tone Finnanger's products. In principle, I love her style, her characters, her sort of Scandinavian shabby chic approach to home decor and holidays. However, after buying several of her books I've noticed a common thread that this book displays as well: big on pictures, not so big on actual, substantial instructions or projects. While this book - like others - offers some project instruction, I feel like there's a lot of "oh look at how nice I put together this room" that takes up entire pages when, personally, I would find it more useful to have more actual advice on technique, instructions etc.In my personal opinion, the substantial part of this book is more like a coffee table book - something pretty to look at, possibly for inspiration if you're looking to change the home decor in your house etc. However, as something that gives a lot of hands-on, detailed how-tos, this falls short of my expectations.2 of 2 people

found the following review helpful. A cute must have book!By SamanthaI love this book! It is great, it has so many pretty patterns in it. All the Tilda books are awesome. This book has patterns for animals such as a squirrel, chicken, birds, bunnies, a cute little mouse. There is even a pattern for a purse an angel dress form to hand your jewelry on! If you love shabby chic items then you'll love this book and all her other books!!0 of 0 people found the following review helpful. Glad I bought this!By Diane B.Cute book with a lot of great ideas.

This is a beautiful collection of over 50 delightful projects that blend timeless seaside charm with effortless country elegance. Choose from a stunning variety of home and personal accessories, including chic handbags and espadrilles, pretty cushions, throws and loveable, cuddly soft toys. Easy-to-follow instructions, gorgeous colour photographs and delightful illustrations accompany each project. Try an array of sewing techniques such as applique and free embroidery, and create beautiful accessories that will bring a little sunshine into your home all year round

About the AuthorTone Finnanger has a distinctive style that is popular with crafters of all ages and abilities. Her former titles with DC include Sew Pretty Homestyle, Sew pretty Christmas Homestyle and Crafting Christmas gifts.
