Helen Dafter : Silk Ribbon Embroidery: A Workshop Approach for Beginners (Milner Craft Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Silk Ribbon Embroidery: A Workshop Approach for Beginners (Milner Craft Series):

24 of 24 people found the following review helpful. Great Starter BookBy HoneyBeesBlissIf you are wanting to learn SRE or trying to improve your technique I think this book will help you. I would have liked to have had it when I first learned. A lot of what is in the book I have learned from my own experience, so learning it when first beginning is helpful. I think this book along with the A-Z of Silk Ribbon Embroidery would be an awesome start to really take off

in SRE. She covers a lot of technique and if I was to teach someone I'd use this book. The illustrations aren't the best alone but the descriptions and explanations are great. 0 of 0 people found the following review helpful. Five Stars By Kindle Customer great seller A+++ wonderful product 0 of 0 people found the following review helpful. Silk Ribbon Embroidery By Kindle Customer My book order came exactly when it said it would and its a really nice book. it has a few patterns mostly instructions I am very pleased with my new book has a nice assortment of books covering ribbon embroidery

Designed for the beginning to intermediate embroiderer, this workshop-in-a-book presents the basic concepts of this gentle art, and puts them to immediate use in creating a lidded box, striking evening bag, garden-themed journal cover, and more. Learn to select fabrics and transfer patterns, and the best ways to use common stitches. Save hours of frustration with the help of a complete section on project problem-solving. Increasing or decreasing scale is covered, as is color and perspective, and there are great tips for deciding when to use a jump stitch or a camouflage stitch, and ideas for embellishing other crafts with silk ribbon. Additional information is provided for selecting background treatments and fabrics that can add interest to any project.

Aug/Sep 08 The art of silk ribbon embroidery dates back to the early 17th century when it was used mainly to embellish court garments, the uniforms of high-ranking military officers and the vestments and regalia of the clergy. Since its heyday, ribbon embroidery has enjoyed varying degrees of popularity, but it is a very satisfying technique as it's quite quick to do and the results are wonderfully decorative. The information and skills needed for success with silk ribbon embroidery are presented in a clear and interesting way and the four lovely projects allow you to put all of the techniques into practice. Stitch About the Author Helen Dafter is a well-known Australian embroiderer and author of embroidery books. She travels extensively doing workshops and has a flourishing embroidery business selling her own designs and kits.
