The designs are simple, but have some unique twists to them that add a special touch. As I looked through the book, I realized that I want to make almost everything in it, which tells me that it's a keeper! Some of the patterns included are a boat neck-style dress, burmuda shorts, a feminine jacket with a hood (not a heavy coat, but dressier than a hoodie), and a pullover vest with a funnel-style neck. If you enjoy Japanese sewing books, I would highly recommend adding this one to your library!4 of 4 people found

the following review helpful. A few good ones. Great for beginners. By Baba Yaga I'm not a huge fan of all the patterns, but there are a few really cute ones. I appreciate that there's a few bag / tote patterns in there. The book has great instructions and goes over basics really well. Great for someone like me who needs a refresher on sewing certain things (sleeves, hems, etc). I think that's where this book truly shines. Each pattern is very well documented too. 0 of 0 people found the following review helpful. Great book. By Ina Braun Great book ... had the Japanese version and wanted the precise insights of what might be missed between the lines!

Easy-to-sew wardrobe basics to wear throughout the year, no matter the season! Discover easy-to-wear and easy-to-make clothing and accessories for all seasons in *Simply Sewn*.
