One of the things I love about it are the recipes are SIMPLE YET CREATIVE and the recipes are for making SMALL batches, which is great for someone just starting out. Rather than messing up a 10 pound batch, you're messing up a 2 pound batch....if you mess up :) . I know I did the first time! But not with this book...the recipes are easy to follow and helps you get to know the basics of soap making.This is a LITTLE book though....and is currently going for a lot of money USED. It was worth the \$30 I paid for it, but I would recommend holding off if you see it for a lot more (\$50 is a little ridiculous for such a small book...the sellers are obviously out to make a quick buck).However, in the very short time I've owned this book, its become a treasure. If anyone even breathes on it I'm going to lock it up somewhere :)BUY IT, but try to buy it for a descent price!0 of 0 people found the following review helpful. Great no fuzz soap making recipesBy CustomerJust what i wanted no fuzz no BS simple recipes. Ready to make soap? This book delivers, I like the recipes too.0 of 0 people found the following review helpful. I think this is a good starting book for the beginner (as was recommended

to ...By Jules1976I think this is a good starting book for the beginner (as was recommended to me by a friend.) It has some great recipes and is an easy read.

Book by White, Elaine C.

The price tag on Soap Recipes is outrageous for a slim paperback but some might consider the information herein to be important and worth the price: for Soap Recipes is a guide to seventy tested methods of making modern soap with herbs, vegetable oils and beeswax. Soap Recipes is packed with intriguing methods of making different kinds of soap for many different tastes. A most unusual book. -- Midwest Book
